

NEAL H. LEWIS

Partner

Neal H. Lewis is a partner in the firm's litigation section. Mr. Lewis works out of the Johnson City, Tennessee office and is licensed to practice in Tennessee, Virginia, and North Carolina. He primarily represents healthcare providers such as physicians, hospitals, long-term care facilities and ancillary providers such as nurses, physical therapists, radiology technicians, and nursing aides.

Mr. Lewis has been involved in hundreds of medical malpractice cases including early investigation and informal resolution, mediation, or trial. He has defended healthcare providers in cases involving a variety of medical issues including birth injury, maternal/fetal mortality, delayed and failure to diagnose cancer, in-patient and out-patient suicide, gastroenterology, cardiology, emergency medicine, and orthopedics. Mr. Lewis has also represented clients in general civil litigation issues including premises liability, contract disputes, certificate of need litigation, and workers compensation issues.

Mr. Lewis lectures on a variety of healthcare and legal topics. He is particularly involved in issues with electronic discovery, technology, social media, and electronic medical records. Mr. Lewis regularly speaks on behalf of professional liability insurance carriers and hospital systems. He works with client in connection with in-service training for physicians and nurses.

Mr. Lewis earned his B.A. in Political Science, from the University of Houston Honors College. He served six years of active duty in the Navy, attending Naval Nuclear Power School and working as an engineering laboratory technician. He earned his J.D., *magna cum laude*, from the University of Richmond T.C. Williams College of Law. While in law school, he was the Editor-in-Chief of the Richmond Journal of Law & Technology, Senior Staff for the Richmond Journal of Global Law and Business, and an Honor Court Justice. Mr. Lewis also served as a teaching assistant for the introductory legal skills class at the University of Richmond and served as a teaching assistant for the University's innovative Medical Malpractice class taught simultaneously to law students and healthcare providers.
